IX edition

6-7 DECEMBER 2023
DUBAI

The much anticipated special 9th edition of **CC (Climate Change) Forum «Investment in Sustainable Development»** will take place on **6-7 December 2023** at Dubai's iconic **Habtoor Palace** during the **UN's COP28** conference.

The event follows CC Forum's highly successful in-person editions in London (October 2022), the Kingdom of Bahrain (March 2022) under the High Patronage of the **HRH Prince Salman bin Hamad Al Khalifa, the Crown Prince & Prime Minister**, in Cote-d-Azur (July 2021), Dubai (April 2021), Monaco under the High Patronage and in the presence of **HSH Prince Albert II of Monaco** (September 2020) and London (October 2019) which received a royal greeting by **HM Queen Elizabeth II**.

CC Forum widely referred to by some journalists as «green Davos» brings together together major global investment funds, family offices, VC capital firms, UHNWs, senior government officials, members of royal families and some of the brightest startups to brainstorm on the ways of confronting the current crises.

CC Forum addresses such issues as **Climate Change, Government Strategies, Clean Energy, Impact Investment, Preservation of the Oceans, Emerging Technologies, Finance and Fintech, Healthcare and Education, Women Empowerment, Philanthropy and Social Inclusion**.

CC Forum's previous participants included among others **HSH Prince Albert II of Monaco, Ban Ki Moon, Dame Jane Goodall, Stanley Johnson, Placido Domingo, Nouriel Roubini, Tim Draper, HSH Princess Charlene of Monaco, HSH Prince Michael of Liechtenstein, HE Sheikh Awadh Magrin bin Sultan, Gunter Pauli, Michael Flatley and Julian Lennon**.

The Dubai iteration will be abound in a rich networking and cultural programme.

It will culminate in CC Forum's traditional VVIP Investors' **Gala Dinner & Awards Giving Ceremony** with heads of state, members of royal families and international celebrities in attendance.
